

New Client Consent Form

You have agreed to participate in an airbrush tanning session to achieve a “sunless” tan on your skin. To help you best achieve your desired results, please read the following material carefully and acknowledge your understanding and agreement by signing below.

1. Airbrush tanning is accomplished by application of a solution containing the active ingredient Dihydroxyacetone (DHA). DHA is considered to be safe and has been FDA approved in cosmetic use.
 - It does not provide any UV protection. Please use SPF sun protection as usual.
 - The FDA recommends that all users of DHA spray tanning services avoid inhaling or ingesting DHA. It is recommended that you use protective undergarments, eyewear, nose filters and seal lips with balm prior to your service. All protective measures are available from your technician.
2. If you have sensitive skin or allergies to sunless tanning products containing DHA, or if you are unsure whether you may be allergic to DHA, we strongly suggest consulting your physician prior to tanning.
 - Allergic reactions such as minor skin rash are extremely rare, but possible. If you have never used a sunless tanning product, we suggest a patch test 24 hours before the full body application. Glow Airbrush Tan, LLC is not responsible for any allergic reactions that may occur after or during use.
3. If you have a history of asthma or other respiratory or medical conditions it could be aggravated by the use of the airbrush tanning process. Please consult a physician before proceeding.
 - Please tell your tanning technician about any past allergic reactions with DHA products or other medical concerns. Glow Airbrush Tan, LLC is not responsible for the aggravation of any medical conditions that may occur after or during use.
4. Some of the ingredients in our solution contain a sugar-base and application can cause a rise in blood sugar levels. If you are diabetic or have medical conditions that can be affected or aggravated by a rise in blood sugar, please consult your physician before use.
5. The bronzing and tanning solutions used during your session have the potential to stain clothing. We recommend that you wear something dark in color that can be stained without concern, such as an old swimsuit or undergarment. Some clients purchase an inexpensive swimsuit dedicated to their tanning sessions. For your convenience, disposable bikinis which create minimal tan lines are available upon your request. After your tanning session, you should wear dark, loose fitting clothes.
 - It is also possible that the solutions may transfer to other clothing, furniture or car seats after your session. Washing or dry-cleaning will usually, but not always, remove the color. We suggest bringing a towel to cover your car seat. Glow Airbrush Tan, LLC is not responsible for potential stains to clothing or upholstery. Please be conscientious and careful.
6. Your tanning session will take approximately 10 to 15 minutes. After spraying, your skin should be dry before putting your clothes back on and you should not bathe, shower or sweat

excessively for 8 to 12 hours. Exposure to excessive moisture before this time period may affect your results. When your session is over the solution will give you an immediate bronzing effect. When you bathe, the bronzer will come off and reveal your true tan color.

Client Conditions:

1. Glow Airbrush Tan, LLC will not be responsible for lost, stolen, or damaged personal items.
2. The airbrush tanning process has been explained to me and I hereby agree to allow Glow Airbrush Tan, LLC to apply spray tan solution to my skin using the airbrush tanning process.
3. To my knowledge, I have no medical condition or allergy which would preclude me from having this procedure done.
4. I agree to hold harmless Glow Airbrush Tan, LLC of any medical complications that may arise and I have been advised to discontinue use if any reaction occurs.
5. I understand that the results of airbrush tanning do vary and that no guarantees of specific results are offered or implied.
6. I hereby release this establishment, as well as the airbrush technician, and hold them harmless from any liability involved in the use of or arising during the tanning process.
7. I also agree to first contact Glow Airbrush Tan, LLC if for any reason I am dissatisfied with my results.

I have read and completely understand the conditions of this form.
